Texas Alcoholic Beverage Commission

Annual Production Limit Order

**ADJUSTMENT OF PRODUCTION LIMITS
PURSUANT TO ALCOHOLIC BEVERAGE
CODE SECTION 62.122**

§
§
§
§
§

**BEFORE THE
TEXAS ALCOHOLIC BEVERAGE
COMMISSION**

ANNUAL PRODUCTION LIMIT ORDER

Alcoholic Beverage Code Section 62.122(f) requires the Texas Alcoholic Beverage Commission (Commission) to annually adjust the production limit prescribed by Subsection (c)(2) of the section in an amount that is equal to the percentage of the state's population growth for the previous year, as determined by the State Demographer.

According to the State Demographer, the population of the State of Texas grew by 1.6 percent from January 1, 2023, to December 31, 2023.

The annual production limit prescribed by Order of the Commission dated March 28, 2023, was 186,895 barrels. Applying the 1.6 percent 2023 population growth figure to the 186,895-barrel production limit set forth in the 2023 Commission Order equals 2,990 barrels.

IT IS THEREFORE ORDERED THAT THE ANNUAL PRODUCTION LIMIT FOR 2024 UNDER ALCOHOLIC BEVERAGE CODE SECTION 62.122(c)(2) IS 189,885 BARRELS.

ENTERED AND EFFECTIVE on this the 26 day of March, 2024.

Texas Water Code and Texas Health and Safety Code
Settlement Notice

Notice is hereby given by the State of Texas of the following proposed resolution of an environmental enforcement action under the Texas Water Code and the Texas Health and Safety Code. Before the State may enter into a voluntary settlement agreement, pursuant to section 7.110 of the Texas Water Code, the State shall permit the public to comment in writing on the proposed judgment. The Attorney General will consider any written comments and may withdraw or withhold consent to

the proposed agreed judgment if the comments disclose facts or considerations that indicate that the consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Texas Water Code.

Case Title and Court: *Harris County, Texas, and the State of Texas, acting by and through the Texas Commission on Environmental Quality, a Necessary and Indispensable Party v. S.K. and Brothers, Inc., Trey Melcher and Yvonne Evie Melcher, Trustees of the Evie Melcher Non-Exempt Trust, Melcher Investments, Bill E. Lewis and Richard L. Kerr, Jr., Co-Trustees of the Lucile Birmingham Melcher Management Trust and the Leroy Melcher Marital Deduction Trust, and former Co-Trustees of the Evie Melcher Non-Exempt Trust*; Cause No. 2011-52524, in the 215th Judicial District, Harris County, Texas.

Nature of the Suit: River Oaks Cleaners is a dry cleaning business in Harris County operated by S.K. and Brothers, Inc. (ROC Defendants) and located on real property owned by Trey Melcher and Yvonne Evie Melcher, Trustees of the Evie Melcher Non-Exempt Trust, Melcher Investments, and Bill E. Lewis and Richard L. Kerr, Jr., Co-Trustees of the Lucile Birmingham Melcher Management Trust and the Leroy Melcher Marital Deduction Trust, and former Co-Trustees of the Evie Melcher Non-Exempt Trust (collectively, Melcher Defendants). Harris County initiated suit against ROC and Melcher Defendants alleging violations of Texas statutes and rules resulting from discharges of pollutants, including perchloroethylene (PERC), from the River Oaks Cleaners that contaminated groundwater and/or soil in and under the dry cleaner and surrounding properties. The State of Texas, on behalf of the Texas Commission on Environmental Quality (TCEQ), joined the suit as a necessary and indispensable party.

Proposed Settlement: The proposed Agreed Final Judgment includes injunctive relief that orders Defendants to conduct an affected property assessment of the site in accordance with the requirements of Subchapter C of Chapter 350 of Title 30 of the Texas Administrative Code (Texas Risk Reduction Program) and to submit an Affected Property Assessment Report to TCEQ. If the report reveals contamination above protective concentration levels, and TCEQ determines that the contamination is attributable to the River Oaks Cleaners, Defendants will be required to submit a Remedial Action Plan to TCEQ and remediate the Site in accordance with the approved plan. The proposed settlement also assesses civil penalties in the amount of \$100,000 against ROC Defendants and civil penalties in the amount of \$93,000 against Melcher Defendants. The State will receive one-half of all civil penalties awarded in the judgment, totaling \$96,500, in accordance with Tex. Water Code § 7.107. Harris County will receive the remaining \$96,500 in civil penalties. In addition to civil penalties, the proposed settlement awards \$28,500 in attorney's fees to the State of Texas.

For a complete description of the proposed settlement, the complete proposed Agreed Final Judgment should be reviewed. Requests for copies of the judgment, and written comments on the proposed settlement, should be directed to Erin K. Snody, Assistant Attorney General, Office of the Attorney General, P.O. Box 12548, MC 066, Austin, Texas 78711-2548, phone (512) 475-4161, facsimile (512) 320-0911, or email: erin.snody@oag.texas.gov. Written comments must be received within 30 days of publication of this notice to be considered.

Texas Commission on Environmental Quality

Agreed Orders

The Texas Commission on Environmental Quality (TCEQ or commission) staff is providing an opportunity for written public comment on the listed Agreed Orders (AOs) in accordance with Texas Water Code (TWC), §7.075. TWC, §7.075, requires that before the commission may approve the AOs, the commission shall allow the public an opportunity to submit written comments on the proposed AOs. TWC, §7.075, requires that notice of the proposed orders and the opportunity to comment must be published in the *Texas Register* no later than the 30th day before the date on which the public comment period closes, which in this case is **May 6, 2024**. TWC, §7.075, also requires that the commission promptly consider any written comments received and that the commission may withdraw or withhold approval of an AO if a comment discloses facts or considerations that indicate that consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the statutes and rules within the commission's jurisdiction or the commission's orders and permits issued in accordance with the commission's regulatory authority. Additional notice of changes to a proposed AO is not required to be published if those changes are made in response to written comments.

A copy of each proposed AO is available for public inspection at both the commission's central office, located at 12100 Park 35 Circle, Building C, 1st Floor, Austin, Texas 78753, (512) 239-2545 and at the applicable regional office listed as follows. Written comments about an AO should be sent to the enforcement coordinator designated for each AO at the commission's central office at P.O. Box 13087, Austin, Texas 78711-3087 and must be received by 5:00 p.m. on **May 6, 2024**. Written comments may also be sent by facsimile machine to the enforcement coordinator at (512) 239-2550. The commission's enforcement coordinators are available to discuss the AOs and/or the comment procedure at the listed phone numbers; however, TWC, §7.075, provides that comments on the AOs shall be submitted to the commission in writing.

Notice of Application and Public Hearing for an Air Quality Standard Permit for a Concrete Batch Plant with Enhanced Controls Proposed Air Quality Registration Number 175361

APPLICATION. Ingram Readymix No. 1, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit for a Concrete Batch Plant with Enhanced Controls Registration Number 175361 to authorize the operation of a concrete batch plant with enhanced controls. The facility is proposed to be located at 933 Oil Center Drive, Abilene, Taylor County, Texas 79601. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-99.654203,32.436403&level=13>. This application was submitted to the TCEQ on February 12, 2024. The primary function of this plant is to manufacture concrete by mixing materials including (but not limited to) sand, aggregate, cement and water. The executive director has determined the application was technically complete on March 13, 2024.

PUBLIC COMMENT / PUBLIC HEARING. Public written comments about this application may be submitted at any time during the public comment period. The public comment period begins on the first date notice is published and extends to the close of the public hearing. Public comments may be submitted either in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www14.tceq.texas.gov/epic/eComment/. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record.

A public hearing has been scheduled, that will consist of two parts, an informal discussion period and a formal comment period. During the informal discussion period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application, but comments made during the informal period will not be considered by the executive director before reaching a decision on the permit, and no formal response will be made to the informal comments. During the formal comment period, members of the public may state their comments into the official record. **Written comments about this application may also be submitted at any time during the hearing.** The purpose of a public hearing is to provide the opportunity to submit written comments or an oral statement about the application. **The public hearing is not an evidentiary proceeding.**

The Public Hearing is to be held:

Monday, May 20, 2024, at 6:00 p.m.

MCM Elegante, Embassy Room

4250 Ridgemont Drive

Abilene, Texas 79606

RESPONSE TO COMMENTS. A written response to all formal comments will be prepared by the executive director after the comment period closes. The response, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments and the response to comments will be posted in the permit file for viewing.

The executive director shall approve or deny the application not later than 35 days after the date of the public hearing, considering all comments received within the comment period, and base this decision on whether the application meets the requirements of the standard permit.

CENTRAL/REGIONAL OFFICE. The application will be available for viewing and copying at the TCEQ Central Office and the TCEQ Abilene Regional Office, located at 1977 Industrial Boulevard, Abilene, Texas 79602-7833, during the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday, beginning the first day of publication of this notice.

Notice of District Petition

Notice issued March 20, 2024

TCEQ Internal Control No. D-10112023-016; 45 HC Harmony Hill, LLC, a Texas limited liability company (Petitioner) filed a petition for creation of Lakesong Municipal Management District No. 1 (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, Section 59, Article III, Section 52 and Article III, Section 52-a of the Texas Constitution, Chapter 49 of the Texas Water Code and Chapter 375 of the Texas Local Government Code, as amended; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner holds title to a majority in value of the land to be included in the proposed District; (2) there are no lienholders on the property to be included in the proposed District; (3) the proposed District will contain approximately 61.31 acres located within Ellis County, Texas; and (4) the land within the proposed District is wholly within the corporate limits of City of Grand Prairie, Texas.

By Resolution No. 5369 - 2023, passed and approved on September 19, 2023, the City of Grand Prairie, Texas, gave its consent to the creation of the proposed District, pursuant to Texas Water Code §54.016. The petition further states that the work proposed to be done by the District at the present time is to purchase, construct, acquire, improve, or extend inside or outside of its boundaries any and all works, improvements, facilities, plants, equipment, and appliances necessary or helpful to supply and distribute water for municipal, domestic, and commercial purposes; to collect, transport, process, dispose of and control domestic, and commercial wastes; to gather, conduct, divert, abate, amend and

control local storm water or other local harmful excesses of water in the District; to design, acquire, construct, finance, improve, operate, and maintain macadamized, graveled, or paved roads and turnpikes, or improvements in aid of those roads; and to purchase, construct, acquire, improve, or extend inside or outside of its boundaries such additional facilities, systems, plants, and enterprises as shall be consonant with the purposes for which the District is created, all as more particularly described in an engineer's report filed simultaneously with the filing of this Petition, to which reference is made for a more detailed description. According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioners that the cost of said project will be approximately \$5,850,000 (\$3,500,000 for water, wastewater, and drainage plus \$2,350,000 for roads).

The Executive Director may approve the petition unless a written request for a contested case hearing is filed within 30 days after the newspaper publication of this notice. If a hearing request is filed, the Executive Director will not approve the petition and will forward the petition and hearing request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. If a contested case hearing is held, it will be a legal proceeding similar to a civil trial in state district court. Written hearing requests should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087. For information concerning the hearing process, please contact the Public Interest Counsel, MC 103, at the same address. For additional information, individual members of the general public may contact the Districts Review Team, at (512) 239-4691. Si desea información en español, puede llamar al (512) 239-0200. Notice of Opportunity to Comment on an Agreed Order of Administrative Enforcement Actions

The Texas Commission on Environmental Quality (TCEQ or commission) staff is providing an opportunity for written public comment on the listed Agreed Order (AO) in accordance with Texas Water Code (TWC), §7.075. TWC, §7.075, requires that before the commission may approve the AO, the commission shall allow the public an opportunity to submit written comments on the proposed AO. TWC, §7.075, requires that notice of the opportunity to comment must be published in

the *Texas Register* no later than the 30th day before the date on which the public comment period closes, which in this case is **May 6, 2024**. TWC, §7.075, also requires that the commission promptly consider any written comments received and that the commission may withdraw or withhold approval of an AO if a comment discloses facts or considerations that indicate that consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the statutes and rules within the commission's jurisdiction or the commission's orders and permits issued in accordance with the commission's regulatory authority. Additional notice of changes to a proposed AO is not required to be published if those changes are made in response to written comments.

A copy of the proposed AO is available for public inspection at both the commission's central office, located at 12100 Park 35 Circle, Building A, 3rd Floor, Austin, Texas 78753, (512) 239-3400 and at the applicable regional office listed as follows. Written comments about an AO should be sent to the attorney designated for the AO at the commission's central office at P.O. Box 13087, MC 175, Austin, Texas 78711-3087 and must be **received by 5:00 p.m. on May 6, 2024**. The designated attorney is available to discuss the AO and/or the comment procedure at the listed phone number; however, TWC, §7.075, provides that comments on an AO shall be submitted to the commission in **writing**.

Notice and Opportunity to Comment on Requests for Consistency Agreement/Concurrence Under the Texas Coastal Management Program

On January 10, 1997, the State of Texas received federal approval of the Coastal Management Program (CMP) (62 *Federal Register* pp. 1439 - 1440). Under federal law, federal agency activities and actions affecting the Texas coastal zone must be consistent with the CMP goals and policies identified in 31 TAC Chapter 26. Requests for federal consistency review were deemed administratively complete for the following project(s) during the period of March 18, 2024 to March 22, 2024. As required by federal law, the public is given an opportunity to comment on the consistency of proposed activities in the coastal zone undertaken or authorized by federal agencies. Pursuant to 31 TAC §§30.20(f), 30.30(h), and 30.40(e), the public comment period extends 30 days from the date published on the Texas General Land Office web site. The notice was published on the web site on Friday, March 29, 2024. The public comment period for this project will close at 5:00 p.m. on Sunday April 28, 2024.

Federal License and Permit Activities:

Applicant: Coastal Bend Bays & Estuaries Program

Location: The project site is located in the Laguna Madre, at Benny's Shack Rookery Island approximately 4.5 miles southeast of Port Mansfield, Willacy County, Texas and approximately 0.2 mile west of the Gulf Intercoastal Waterway.

Latitude and Longitude: 26.490251, -97.387526

Project Description: The applicant proposes to expand Benny's Shack Rookery Island (the Island) by placing approximately 2.36 acres of fill material (24,480 cubic yards [CY]) northward of the Island. This fill material will come from a dedicated 138.38-acre borrow area approximately 1,300 feet northwest of the Island (approximately 263.490398, -97.392913). Material will be extracted through a combination of hydraulic and mechanical dredging. In addition, the project would place approximately 1.34 acres of fill material (6,543 CY) for the construction of an approximately 1,939-foot-long traditional riprap breakwater for shoreline stabilization. The breakwater would be approximately 5 feet wide at the top of the crest and would have an average width of 30 feet at the base. In total, the project would fill approximately 3.70 acres of shallow open water and approximately 0.0007 acre (30.5 square feet) of submerged aquatic vegetation.

The applicant has stated that they have avoided and minimized the environmental impacts by placing the majority of the breakwater outside of submerged aquatic vegetation areas and avoiding all oyster beds and wetlands located on the Island. In addition, the breakwater would be

constructed first and will act as a containment berm for the Island fill material. No mitigation is proposed.

Type of Application: U.S. Army Corps of Engineers permit application # SWG-2023-00653. This application will be reviewed pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act. Note: The consistency review for this project may be conducted by the Texas Commission on Environmental Quality as part of its certification under §401 of the Clean Water Act.

CMP Project No: 24-1188-F1

Applicant: Calhoun County Precinct 3

Location: The project site is located in Carancahua Bay, approximately 725 feet southeast of the intersection of County Road 307 and Curlew Street, in Port Alto, Calhoun County, Texas.

Latitude and Longitude: 28.665367, -96.407617

Project Description: The applicant is proposing to perform maintenance dredging of 8,700 cubic yards of sediment from an existing recreational boat canal, to excavate 1,200 cubic yards of sediment from the existing recreational boat canal for the purpose of constructing two new circulation channels to provide tidal exchange from the marsh complex to the canal, to place 40,000 cubic yards of beach quality sand for the purpose of restoring 1,750 feet of shoreline along Carancahua Bay, and to discharge 7,100 cubic yards of breakwater material that will be used to construct three offshore breakwaters in Carancahua Bay and to extend an existing riprap groin. Permanent impacts to approximately 0.29 acre of estuarine emergent wetlands will occur as a result of dredging/excavation activities.

The applicant stated they will avoid impacts to fringe wetlands by implementing appropriate best management practices during project activities and the applicant will avoid impacts to oyster beds by implementing the proposed Aquatic Resources Relocation Plan. The proposed project will result in the restoration of up to 1.8 acres of estuarine emergent wetlands within the enclosed wetland complex and is expected to provide approximately 0.32 acre of low-lying area, adjacent to the marsh, creating an environment conducive to spartina growth. Therefore, the applicant is not proposing mitigation.

Type of Application: U.S. Army Corps of Engineers permit application #SWG-2012-00493. This application will be reviewed pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act. Note: The consistency review for this project may be conducted by the Texas Commission on Environmental Quality as part of its certification under §401 of the Clean Water Act.

CMP Project No: 24-1192-F1

Further information on the applications listed above, including a copy of the consistency certifications or consistency determinations for inspection, may be obtained from the Texas General Land Office Public Information Officer at 1700 N. Congress Avenue, Austin, Texas 78701, or via email at pialegal@glo.texas.gov. Comments should be sent to the Texas General Land Office Coastal Management Program Coordinator at the above address or via email at federal.consistency@glo.texas.gov.

Notice of Public Hearing on the Proposed Interim Reimbursement Rates for Small and Large State-Operated Intermediate Care Facilities for Individuals with an Intellectual Disability (ICF/IIDs) for Fiscal Year 2024

Hearing. The Texas Health and Human Services Commission (HHSC) will conduct a public hearing to receive comments on the proposed interim payment rates for small and large state-operated Intermediate Care Facilities for Individuals with an Intellectual Disability (ICF/IIDs) for Fiscal Year 2024. The hearing will occur on April 29, 2024, at 9:00 a.m. Central Daylight Time (CDT), in the HHSC North Austin Complex Building, Public Hearing Room 1.401, 4601 W. Guadalupe St. Austin, Texas, 78751.

This hearing will be conducted both in-person and as an online event. To join the hearing from your computer, tablet, or smartphone, register for the hearing in advance using the following link:

Registration URL:

<https://attendee.gotowebinar.com/register/6639895083090518357>

Webinar ID: 719-140-579

After registering, you will receive a confirmation email containing information about joining the webinar. Instructions for dialing in by phone will be provided after you register.

HHSC will also broadcast the public hearing; the broadcast can be accessed on this webpage: <https://hhs.texas.gov/about-hhs/communications-events/live-archived-meetings>. The broadcast will be archived and accessible on demand on the same website. The hearing will be held in compliance hearings on proposed Medicaid reimbursements.

Proposal. HHSC proposes the following interim per diem reimbursement rates for small and large state-operated ICF/IIDs, effective retroactively to September 1, 2023:

Bond Homes - Medicaid-only clients:

Proposed interim daily rate: \$919.74

Large State-Operated ICF/IIDs - Medicaid-only clients:

Proposed interim daily rate: \$1,305.78

Large State-Operated ICF/IIDs - Dual-eligible Medicaid/Medicare clients:

Proposed interim daily rate: \$1,256.51

HHSC is proposing these interim rates to ensure there are adequate funds to serve the individuals in these facilities. The proposed interim

rates account for actual and projected increases in costs to operate these facilities.

Methodology and Justification. The proposed payment rates were determined in accordance with Title 1 of the Texas Administrative Code Section 355.456, which addresses the reimbursement methodology for ICF/IID.

Briefing Package. A briefing package describing the proposed payment rates will be available on the Provider Finance webpage (<https://pfd.hhs.texas.gov/rate-packets>) no later than April 10, 2024. Interested parties may obtain a copy of the briefing package before the hearing by contacting the HHSC Provider Finance Department by telephone at (737) 867-7817; fax at (512) 730-7475; or email at PFD-LTSS@hhs.texas.gov. The briefing package will also be available at the public hearing.

Written Comments. Written comments regarding the proposed payment rates may be submitted instead of, or in addition to, oral testimony until 5:00 p.m. on the day of the hearing. Written comments may be sent by U.S. mail to the Texas Health and Human Services Commission, Attention: Provider Finance Department, Mail Code H-400, P.O. Box 149030, Austin, Texas 78714-9030; by fax to Provider Finance at (512) 730-7475; or by email to PFD-LTSS@hhs.texas.gov. In addition, written comments may be sent by overnight mail or hand delivered to the Texas Health and Human Services Commission, Attention: Provider Finance, Mail Code H-400, North Austin Complex, 4601 W. Guadalupe St., Austin, Texas 78751.

Persons with disabilities who wish to attend the hearing and require auxiliary aids or services should contact HHSC Provider Finance by calling (512) 730-7401 at least 72 hours before the hearing so appropriate arrangements can be made.

Department of State Health Services

Licensing Actions for Radioactive Materials

During the first half of February 2024, the Department of State Health Services (Department) has taken actions regarding Licenses for the possession and use of radioactive materials as listed in the tables (in alphabetical order by location). The subheading "Location" indicates the city in which the radioactive material may be possessed and/or used. The location listing "Throughout TX [Texas]" indicates that the radioactive material may be used on a temporary basis at locations throughout the state.

In issuing new licenses and amending and renewing existing licenses, the Department's Radiation Section has determined that the applicant has complied with the licensing requirements in Title 25 Texas Administrative Code (TAC), Chapter 289, for the noted action. In granting termination of licenses, the Department has determined that the licensee has complied with the applicable decommissioning requirements of 25 TAC, Chapter 289. In granting exemptions to the licensing requirements of Chapter 289, the Department has determined that the exemption is not prohibited by law and will not result in a significant risk to public health and safety and the environment.

A person affected by the actions published in this notice may request a hearing within 30 days of the publication date. A "person affected" is defined as a person who demonstrates that the person has suffered or will suffer actual injury or economic damage and, if the person is not a local government, is (a) a resident of a county, or a county adjacent to the county, in which radioactive material is or will be located, or (b) doing business or has a legal interest in land in the county or adjacent county. 25 TAC §289.205(b)(15); Health and Safety Code §401.003(15). Requests must be made in writing and should contain the words "hearing request," the name and address of the person affected by the agency action, the name and license number of the entity that is the subject of the hearing request, a brief statement of how the person is affected by the action what the requestor seeks as the outcome of the hearing, and the name and address of the attorney if the requestor is represented by an attorney. Send hearing requests by mail to: Hearing Request, Radioactive Material Licensing, MC 2835, PO Box 149347, Austin, Texas 78714-9347, or by fax to: (512) 206-3760, or by e-mail to: RAMlicensing@dshs.texas.gov.

Texas Water Development Board

Request for Applications Statewide Water Awareness Campaign

The Texas Water Development Board (TWDB) requests applications leading to the possible award of a contract to develop and execute a statewide water awareness campaign in Texas. TWDB plans to award up to \$10 million in grants, comprised of up to \$2 million per year for a maximum of five years, from funds appropriated to the Texas Water Fund by the 88th Texas Legislature and approved by Texas voters in November 2023.

To be eligible for funding under this grant, an applicant must be a governmental entity or nonprofit organization with an existing or proposed statewide Texas water awareness program or campaign.

Summary of the Request for Applications

Due Date (Closing): April 17, 2024, at 3:00 p.m. CST

Deadline For Questions: April 1, 2024, at 3:00 p.m. CST

TWDB Response to Questions: April 9, 2024

Anticipated Award Date: June 13, 2024

Estimated Total Funding: \$10 million (up to \$2 million per year for a maximum of five years)

Local Match Requirement: N/A

Scope of Project

An applicant awarded funding must ensure that the water awareness campaign takes into account differences in water needs of various geographic regions of the state; attitudes toward water issues; potential barriers to achieving the campaign goals; and how these factors may shape the messaging and complement and support existing local and regional water education or awareness programs. To receive consideration, campaigns must meet the eligibility criteria and aim to achieve the following goals:

- 1) Increase public awareness and education regarding Texas water resources
- 2) Connect with Texans through strategic, integrated communication methods
- 3) Drive specified behavioral changes through clear calls to action
- 4) Meet campaign goals per established metrics and measures of success

The grant recipient will be required to complete the following tasks:

A. Develop, execute, and manage the statewide water awareness campaign, including the following:

1. Develop through interactions with TWDB, research, focus groups, and/or other methods:
 - a. the specific primary and secondary awareness goals and the associated behavioral changes sought through the campaign. The TWDB will provide final approval of proposed goals, calls to action, and behavioral changes;
 - b. the barriers to and public appeals most likely to lead to successful calls to action to create the sought-after behavioral changes. This work could include developing a market research plan and performing data collection on public behaviors, attitudes, and perceptions; evaluation of the data; and reporting on results. Data collected may include, for example, key demographic and psychographic characteristics of the target market. All research data produced will be made publicly available.

2. Develop potential campaign messages and strategies based on the goals and research in Task A and collaborate with TWDB to determine final campaign messaging and strategy. This work will require presenting potential options to TWDB and reworking campaign messaging and/or approaches based on agency feedback. It may also include considering how to incorporate TWDB data visualization and other TWDB information into the campaign strategy.

3. Develop and manage implementation of strategic plans, timelines, media plans and placements, and creative assets including, but not limited to, logos, fonts, multimedia, graphics, etc.

4. Manage the procurement of and/or partnership with any subcontractors and other campaign partners, if any.

5. Identify metrics for measurement and set and monitor measurable, time-based goals at specific intervals to demonstrate success and impact of the campaign.

6. Make future adjustments to the campaign, with TWDB input and approval based on the measurements taken at the scheduled intervals.

B. Submit contractually agreed-upon deliverables, including but not limited to: research, campaign messaging, creative assets, strategic plans and timelines, quarterly progress reports with metrics, and annual reports throughout the duration of funding.

Applicants should have experience in the following areas:

A. Managing timelines, budget, and creative development and deployment of assets for a public awareness campaign.

B. Identifying, setting, and tracking relevant metrics of success for a public awareness campaign.

C. Working/partnering with entities such as Texas communities, water providers, media, creative agencies, and other organizations to further the mission and goals of a public awareness campaign.

How to Apply

Applicants must submit all information listed below, in the order given, as the response to this RFA. The response will only be considered if all items are submitted as required. Incomplete or late responses to this RFA will not be considered.

Item 1: Organization profile summary and history. Include the following (*5 pages maximum*):

- a. Organization name, address, phone number, website, and legal status
- b. Name and title of person submitting the response with the authority to bind the organization.
- c. Name, phone number, and email address of contact person for any questions about the response.
- d. Describe the general nature of the organization, the number of years in business, size, and scope of operation.

Item 2: Qualifications and experience. Include the following (*5 pages maximum*):

- a. Qualifications for managing a statewide water awareness campaign, such as
 - i. Experience with such tasks as those outlined in Task A, items 1-6, above.
 - ii. Experience managing timelines, budget, and creative development and deployment of assets for a public awareness campaign.
 - iii. Experience identifying, setting, and tracking relevant metrics of success for a public awareness campaign.

iv. Experience working/partnering with entities such as Texas communities, water providers, media, creative agencies, and other organizations to further the mission and goals of a public awareness campaign.

b. Bio(s) of person(s) who will manage and support the campaign. Also indicate who the lead individual(s) will be throughout the first two years.

Item 3: Proposed campaign information:

a. Describe the need for funding to meet the goals of this RFA. Include proposed partners and/or subcontractors, if relevant.

b. Explain how you will use the funding to develop and execute the public awareness messaging and campaign.

c. Provide a proposed timeline for achieving the campaign goals with a focus on tasks occurring during the first two years.

Item 4: Project budget. (*Note: Payment will be made on a cost reimbursement basis.*)

a. Total project budget.

i. Prepare a draft budget for the project that identifies the proposed project costs by task and category and year, if applicable. (See example budgets below.)

ii. Specify any other sources of funding to supplement and sustain this campaign.

Item 5: (IF APPLICABLE) Supplemental information about applicant's existing statewide awareness program or campaign. Include the following (*5 pages maximum*):

a. Goals, audience, key messaging, and desired behavioral changes.

b. Examples of strategies and tactics.

c. Metrics and documented program success rate.

Applications must be submitted electronically to Bidroom@twdb.texas.gov with a copy to Veronica Holmes, veronica.holmes@twdb.texas.gov, by the Closing date of April 17, 2024, at 3:00 p.m. CST.

Please include the subject line of "**Public Awareness Campaign RFA.**"

Questions regarding the application may be submitted to: Bidroom@twdb.texas.gov, and a copy to Veronica Holmes, veronica.holmes@twdb.texas.gov, and must be received by the Deadline for Questions, April 1, 2024, at 3:00 p.m. CST.

Limitations on Use of Funds

Eligible costs are those directly attributed to the Project, including management, planning, creative development, and implementation. Indirect expenses such as the applicant's overhead are not eligible for reimbursement. Eligible travel expenses of a grant recipient and any subcontractors are limited to the maximum amounts authorized for state employees by the General Appropriations Act. Respondents are responsible for all costs incurred in the preparation and delivery of the application to TWDB.

Grant funds may not be used to support or pay the costs of lobbying; any portion of the salary or any other compensation for an elected government official; the purchase or lease of vehicles; the purchase of recreational activities; the purchase of promotional items, unless specifically approved in writing by TWDB; costs of travel that are unrelated to the direct delivery of services that support the grant; the costs for consultants or vendors who participate directly in writing a grant application; or for any unallowable costs set forth in applicable state or federal law, rules, regulations, guidelines, policies, procedures or cost principles.

Evaluation Criteria and Selection Process

Incomplete applications and those that do not meet the requirements of the application instructions may be eliminated from consideration.

Applications will be scored by a review panel according to the criteria and submission requirements outlined in the application instructions. Additional consideration will be given to those who have experience developing, managing, or facilitating a statewide awareness campaign and to those who have relevant experience in water issues. Top scoring applicants will be invited to present to the Board during a public work session on May 22, 2024. Those applicants will be notified approximately one week in advance. At a separate Board meeting open to the public, the Board will consider approving the Executive Administrator's request to initiate and enter into a contract with one selected applicant.

TWDB reserves the right to reject all proposals and make no awards under this announcement. In addition, TWDB reserves the right to partially fund proposals by funding discrete activities, portions, or phases of a proposed project. Board approval will be required for each annual renewal to approve funding following the first year.

Negotiations with Selected Applicant

The applicable scope of work, deliverables, timeline, budget, and contract terms will be negotiated after TWDB awards the selected applicant. Failure to arrive at mutually agreeable terms of a contract with a selected applicant will constitute a rejection of the grant award and may result in funding being awarded to another applicant.
